

Easy Dos and Don'ts

For Teen Workers - Clean-up Safety -

Do:

- ✓ Know work emergency procedures for electrical emergencies.
- ✓ Use ground fault circuit (GFCIs) receptacles.
- ✓ Remove plugs from receptacles by pulling on the plug, not the cord.
- ✓ Wipe up spills immediately.
- ✓ Wear appropriate waterproof non-slip footwear.
- ✓ Be aware of hot equipment and steam.

Don't:

- ✗ Use faulty equipment or damaged receptacles or connectors.
- ✗ Plug in electrical equipment with wet hands or while touching a wet or damp surface.
- ✗ Put your fingers on the prongs while you are inserting it into an outlet.
- ✗ Pull on cords to unplug them.
- ✗ Overfill carts or containers.
