TECHNOLOGY

MOTIVE

Prevent crashes and protect your drivers with Motive's industry leading AI Dashcam and automated driver coaching. Formerly known as KeepTruckin Inc., Motive helps you transform the safety, productivity, and profitability of your operation with an all-in-one fleet management platform that tracks safety, compliance, and fuel costs.

15% off monthly service fees with a 2-year contract PLUS all hardware is free | To access this offer and a demo, sign up directly by contacting Ben Kornfield: ben.kornfield@gomotive.com. Find out more [here](#).

NETRADYNE

Netradyne's vision-based Driver•i® is the most advanced fleet safety camera, with Edge Computing to capture and analyze video immediately, creating timely alerts to avoid risky situations. Unlike legacy platforms that use G-force triggers to record video, Driver•i's high-definition cameras have advanced AI object detection to "see" the entire drive. Managers receive the complete safety picture via instant alerts, reports, driver scores, and video-on-demand. Drivers receive recognition for good driving, so they feel appreciated, engaged, and safe.

SAMSARA

Samsara provides you with an integrated platform to increase safety, efficiency, and sustainability. With real-time tracking, telematics, driver applications, and AI safety features, Samsara is a complete telematics system that helps create a unified fleet management platform, giving you best-in-class visibility to improve route performance.

25% off Samsara Service | Discount is applicable for fleets with 10+ units. Individual agency enrollment is required before clients are eligible for this discount. Please contact Acrisure Risk Resources for more information: riskresources@acrisure.com.

Companies with 10 or less trucks can access the Samsara [webstore](#) and must purchase three years upfront (no discount applies and complete installation and configuration is the responsibility of the purchasing organization).
